

GREENPEAK Partners announced today that through their holding group PARATUS, they have acquired a majority stake in IMAGE Information Systems Europe GmbH in Rostock. The founders of IMAGE placed their trust in PARATUS through a significant reinvest. IMAGE is a leading provider of PACS solutions servicing radiologists around the world led by a strong management team with a staff of high expertise and staffed by highly qualified PACS professionals.

This investment by PARATUS is a strategic building block in establishing a global leading healthcare software and IT-service provider.

Stefan Donat, CEO of PARATUS, commented, “We are excited that IMAGE has placed their trust in PARATUS as a partner and equally shares our ESG values and long-term vision. We look forward to working together with IMAGE’s management team to continue building a cutting-edge technology platform that will greatly transform the healthcare sector, especially the medical care of patients.

Dr. Arpad Bischof, Managing Director of IMAGE, commented: “With PARATUS, there will be a particular focus on technology development by sharing expert knowledge and best practices within the group. The orientation of the group with respect to ESG criteria also enables us to set a new growth agenda that includes green IT, humanity in the workplace, employee incentive programs, and strong emphasis on data protection and data security.”

Mike Jensen, also Managing Director of IMAGE, said: “I am thrilled this synergetic opportunity enables us to promise an exciting, sustainable and profitable future for our customers, as well as for our employees and business partners worldwide. It lays the foundation for shaping IMAGE’s future in a dynamic world supported by a strong and equal partner such as PARATUS.

ABOUT PARATUS

PARATUS is dedicated to providing physicians and medical professionals with customised state-of-the-art software solutions to enable better health through digitalization. The group was set up to become a leading provider of specialized niche healthcare software and IT-service solutions. PARATUS will form partnerships between companies and entrepreneurs to actively promote digitalization and transformation into a data-driven healthcare system and support the group with HR, digitalization, regulatory and data privacy solutions.

PARATUS is pursuing a long-term growth path, both organically and by adding new partners to its group.

ABOUT IMAGE

IMAGE is a leading software and IT-service provider of Picture Archiving and Communication System (PACS) solutions. The company is based in Rostock, Germany, with local offices in the USA and India. IMAGE was founded in 2003 with the aim of providing complete, easy-to-use and innovative medical imaging solutions for radiology and healthcare professionals worldwide. By now, installation sites exceed 10,000 in over 100 countries.
